

Spanish Curriculum Guide

Toddler

Course Description: Classes are designed with age appropriate activities designed to familiarize toddlers to a second language. Songs and activities will strengthen language fluency and develop a strong foundation for future mastery.

Goals/Objectives:

Toddlers will verbalize their understanding through age appropriate demonstrations of the following knowledge and skills:

Saludos (greetings)

Numeros (numbers)

Preparación para la Lectura (reading readiness)

Aprendizaje de letras (learning letters)

Lectura (reading)

Animales (animals)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.

Pre-Kindergarten (3 Year Olds)

Course Description: Classes are designed with age appropriate activities to introduce the students to a second language. Students will strengthen their language fluency through the use of verbal Spanish skills designed to increase vocabulary, reading and conversational skills through songs and classwork.

Goals/Objectives:

Students will verbalize their understanding through age appropriate demonstrations of the following knowledge and skills:

Saludos (greetings)

Formas (shapes)

Numeros (numbers)

Preparación para la Lectura (reading readiness)

Aprendizaje de letras (learning letters)

Lectura (reading)

Animales (animals)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.

Pre-Kindergarten (4 Year Olds)

Course Description: Classes are designed with age appropriate activities to introduce the students to a second language. Students will strengthen their language fluency through the use of verbal Spanish skills designed to increase vocabulary, reading and conversational skills through songs and classwork.

Goals/Objectives:

Animales (animals)
Comida (food)
Ropa (clothing)
Cuerpo (body)
Familia (family)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.

Sixth Grade

Course Description: Classes are designed with age appropriate activities in an effort to improve Spanish language skills efficiently and effectively. Students will strengthen their language fluency by establishing routines designed to increase vocabulary to enhance grammar and intonation that strengthen reading and conversational skills through songs, games, quizzes, projects, activities and cultural studies.

Goals/Objectives:

Students will verbalize their understanding through age appropriate demonstrations of the following knowledge and skills:

Saludos (greetings)
Días de la semana (days of the week)
Meses del año (months of the year)
Formas (shapes)
Numeros (numbers)
Fracciones (fractions)
Suma (addition)
Resta (subtraction)
Lectura (reading)
Animales (animals)
Comida (food)
Ropa (clothing)
Cuerpo (body)
Familia (family)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.

Seventh Grade

Course Description: Classes are designed with age appropriate activities in an effort to improve Spanish language skills efficiently and effectively. Students will strengthen their language fluency by establishing routines designed to increase vocabulary to enhance grammar and intonation that strengthen reading and conversational skills through songs, games, quizzes, projects, activities and cultural studies.

Goals/Objectives:

Students will verbalize their understanding through age appropriate demonstrations of the following knowledge and skills:

Saludos (greetings)
Días de la semana (days of the week)
Meses del año (months of the year)
Formas (shapes)
Numeros (numbers)
Fracciones (fractions)
Suma (addition)
Resta (subtraction)
Lectura (reading)
Animales (animals)
Comida (food)
Ropa (clothing)
Cuerpo (body)
Familia (family)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.

Eighth Grade

Course Description: Classes are designed with age appropriate activities in an effort to improve Spanish language skills efficiently and effectively. Students will strengthen their language fluency by establishing routines designed to increase vocabulary to enhance grammar and intonation that strengthen reading and conversational skills through songs, games, quizzes, projects, activities and cultural studies.

Goals/Objectives:

Students will verbalize their understanding through age appropriate demonstrations of the following knowledge and skills:

Saludos (greetings)
Días de la semana (days of the week)
Meses del año (months of the year)
Formas (shapes)
Numeros (numbers)
Fracciones (fractions)
Suma (addition)
Resta (subtraction)
Lectura (reading)
Animales (animals)
Comida (food)
Ropa (clothing)
Cuerpo (body)
Familia (family)

Instructional Methods/Strategies: Each student is encouraged to use all five senses for a full immersion of Spanish verbal and written skills. To ensure the repetition necessary for language fluency, all students will participate in daily lessons, songs, games and activities specifically chosen to reinforce the skills and vocabulary of the current unit. In addition, students will receive relevant practice via classwork assignments, verbal quizzes as well as assessments to measure mastery of the skills previously taught.
